FEEL AND SENSE ENERGY

Join the Online ECOintention Practice Workshops that will be special experience! Feel and sense energy via your computer screen of yourself, of objects, in your home and in faraway places, alone and with other participants. It is very easy!

BE SURPRISED!

During the ECOintention Practice Workshops you learn to perceive and to improve life energy. You meet people from all over the world, and join two workshops with max. 6 participants. Be surprised by the online possibilities!

MORE ENERGY AFTERWARDS

And we know a 4.5 hour online meeting sounds long, but there are breaks and we'll make sure that you're in a good, positive energy all the time. Our goal is, that you have more energy afterwards than you did at the beginning.

EVERYONE IS WELCOME

Everyone with a warm interest in energetic observations is welcome! We expect you to have some experience with meditation and/or mindfulness techniques, and to have a good internet connection. We work with Zoom.

JOIN TWO WORKSHOPS

In all workshops you will be guided by a 4th year ECOintention student. Hans Andeweg, founder of Center for ECOintention, hosts this Zoom meeting. Please indicate your preference for three of the workshops below. You'll join two.

1. EXPERIENCE THE ENERGY OF A COMPANY LOGO. A logo resonates with the energy field of the organization, and radiates that into the world. Perceive this field and get to know the company in an unexpected way. Travel back in time with old logos and experience the business development of, for instance McDonalds and Coca Cola.

2. HEAL YOURSELF WITH YOUR FLOWER MANDALA! Draw your unique chakra flower mandala, feel which colors resonate with your basic needs in the petals and let your flower shine with your core color in the middle. Then connect with your flower and experience a deep, healing effect.

3. GET YOUR ENERGY FLOWING WITH QIGONG . Don't like sitting still behind your computer screen? Get up, do Qigong exercises and let your energy flow. Use the power of your intention afterwards. Be amazed, when you make the fingers of one hand grow a little. You also learn to restore their size.

4. COMMUNICATE WITH BACTERIA. On the ocean floor, high in the sky, in your body, countless bacteria are everywhere. They are so small, but what energy do they have and what do they have to tell us? Ask a recently discovered primal bacteria and the resistant MRSA hospital bacteria.

WHEN?

Friday June 25th, 2021 from 13.00-17.30 o'clock = 1.00 pm - 5.30 pm Amsterdam Time (CET).
From 0.30 pm am you are welcome in the Zoom waiting room.
